

Pinwheel Time!

Besides this page, also needed are:

1 pencil with eraser, 1 push pin, crayons, scissors, tape

1. Decorate the paper. (You can decorate one side or both sides.)
2. With the scissors, cut from each corner point along the lines.
3. Fold every other corner toward the center, secure each piece with tape if necessary.
4. Be careful or have an adult help with this step! Poke a hole through the center section of the pinwheel and then into the eraser of the pencil.
5. Enjoy! - Blow on the paper edges or take it outside into the wind and watch it spin.
